

LUCA KELLY

ELECTRICAL APPRENTICESHIP CANDIDATE

Varsity Lakes, QLD | 0407 262 167 | LJKelly021@gmail.com

CERT II ELECTROTECHNOLOGY • WHITE CARD • P LICENCE • OWN CAR • CURRENTLY EMPLOYED

CAREER PROFILE

I am a motivated Year 11 student seeking a full-time electrical apprenticeship. I have completed my Certificate II in Electrotechnology, hold a White Card and asbestos awareness training, have my provisional licence and my own reliable car, and currently work at KFC. I am ready to work hard, learn from experienced tradespeople and build a long-term career in the electrical trade.

AT A GLANCE

- | | |
|--|--|
| ✓ Certificate II in Electrotechnology | ✓ Provisional licence + own reliable car |
| ✓ White Card (CPCWHS1001) | ✓ Currently employed at KFC |
| ✓ Asbestos Awareness Training | ✓ Owns basic hand tools |
| ✓ Electrical and trade work experience | ✓ Strong school results, including Maths and Science |

WORK EXPERIENCE

Team Member | KFC

2026 - Present

- I work rostered shifts while completing Year 11 and balance my school and employment commitments.
- I work effectively in a fast-paced team environment, follow workplace procedures and take direction from supervisors.
- I am building strong workplace habits around punctuality, reliability, teamwork and customer service.

Electrical Work Experience | Retiring Electrician

2026

- I completed work experience with a qualified electrician, gaining exposure to real-world electrical work, job-site routines and apprentice expectations.
- I assisted with basic tasks, observed electrical installation work and learned the importance of safety, preparation, reliability and following instructions on site.

Labourer / Trade Assistant | RTD Fabrication

Casual

- I assisted with workshop and job-related tasks, including preparing tools, materials and work areas.
- I handled materials, tools and equipment while following safety instructions and workplace requirements.
- I maintained a clean, organised and hazard-aware workspace and helped support an efficient workflow.

TRADE TRAINING & PRACTICAL ELECTRICAL EXPERIENCE

Certificate II in Electrotechnology - Completed

Gold Coast Trade College - Currumbin / Burleigh

- Electrical safety fundamentals, construction-site awareness, JSAs and hazard identification.
- Basic electrical installation tasks, including wiring and locating power points on training walls.
- Safe selection and use of hand tools and basic electrical equipment.
- PPE requirements, apprentice responsibilities, site rules and safe work practices.
- Completed practical projects involving basic electrical wiring and components.
- Built a speaker dock, including wiring and installation of a functional on/off switch.

LICENCES & SAFETY TRAINING

White Card - CPCWHS1001 | Issued November 2025

Asbestos Awareness Training | Completed May 2026

Driver Licence | Provisional Manual licence - own reliable car

SKILLS & ATTRIBUTES

- | | |
|--|--|
